Sausalito Bids for Dorms

M. V. Firemen Will Picnic On Sunday

Sunday, October 7, Old Mill Park, Mill Valley, is the day and place for youngsters and oldsters to enjoy themselves at the second annual picnic of the Volunteer Firemen's Association of Mill Valley. A gala time is promised for all who attend. The day's fun will start with a picnic lunch at 11 in the morning, and there will be plenty of entertainment until the events are finished in the afternoon.

Monica Whalen, Sausalito, well known radio personality, will give of her time and talent to help entertain the crowd. George Buckingham's KSAN band will make sweet music and fine acts of vaudeville from Goman's "Gay Nineties" will help to enliven the day.

Besides the award of two overseas Gift Fund Bonds there will be many valuable prizes to event winners. One notable award will be a hand-crocheted bedspread. This bedspread was made by the wife of County Fire Warden Bell.

Scheduled to begin at 1:30 are the following events:

- Potato race for boys.
- Potato race for girls.
- Sack race for men.
- Sack race for women.
- Egg race, girls.
- Shoe race, boys.
- Shoe race, girls.
- Greased pole contest, boys.
- Pie-eating contest for both boys and girls.

Medical Center Phone No. 886

The Medical Center wishes to let the public know that the telephone number is 886. They request that all who wish to call the center to please use that number. It's Sausalito 886.

Lorraine Steinmetz Birthday

A white birthday cake with four blue candles was placed in the center of a long table around which, with twenty-three of her friends, Lorraine Steinmetz of House 102, celebrated her fourth birthday anniversary.

The afternoon was spent taking pictures, playing games, and the opening of the many lovely gifts.

Delightful refreshments of punch, sparkie balls, and jell-o with the birthday cake completed the afternoon's entertainment.

Each guest was presented a red or blue windmill as a memento of the occasion.

Pianist Wanted

A group of teenagers, forming an orchestra are in need of a pianist. The teenagers, include the Walton boys and several others and a good band is in order. Melvin Walton plays the trumpet and his brother, Ronald, plays the trombone. Now for some one who can tickle the ivories. If a pianist wishes to join the band, leave word at The Citizen office, Building 401.

Approximately six hundred Girl Scouts meet weekly in Marin County.

NATIONAL EMPLOY THE PHYSICALLY HANDICAPPED WEEK 1945 BY THE PRESIDENT OF THE UNITED STATES OF AMERICA A Proclamation

WHEREAS the people of this Nation are determined to foster an environment in which those of their fellow citizens who have become physically handicapped can continue to make their rightful contribution to the work of the world and can continue to enjoy the opportunities and rewards of that work; and

WHEREAS Public Resolution No. 176, 79th Congress, approved August 11, 1945, provides in part:

"That hereafter the first week in October of each year shall be designated as National Employ the Physically Handicapped Week. During said week appropriate ceremonies are to be held throughout the nation, the purpose of which will be to enlist public support for the interest in the employment of otherwise qualified but physically handicapped workers";

NOW THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the people of the United States to observe the week of October 7-13, 1945 as National Employ the Physically Handicapped Week. I ask the governors of states, mayors of cities, heads of the various agencies of the Government, and other public officials, as well as leaders in industry, education, religion, and every other aspect of our common life, during this week and at all other suitable times, to exercise every appropriate effort to enlist public support of a sustained program for the employment of the abilities and capacities of those who are physically handicapped.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

Done at the City of Washington this twenty-first day of September, in the year of our Lord nineteen hundred and forty-five and of the Independence of the United States of America the one hundred and seventieth.

(By the President)

HARRY S. TRUMAN.

DEAN ACHESON,
Acting Secretary of State.

Local Residents Hurt When Cars Crash in Underpass

Marin City underpass was the scene of a car crash that sent Betty Ascoli of Sausalito to Ross Hospital with minor injuries. The accident occurred Sunday night about 7:30 o'clock.

According to highway patrolmen, the car in which Miss Ascoli was a passenger, with Arthulene Wilma Linman of Marin City driving, was struck by Joseph Williams Jr., of Ma-

rin City. Williams was driving north from Sausalito and the crash occurred when he attempted to turn under the underpass.

In the Linman automobile was Mabel Lundgren, but she was uninjured. Otis and Arthur Williams were riding with Williams and they too, were unhurt. The automobiles were considerably damaged.

Wm. Sitchler Injured at Fire

Wm. Sitchler, 17, is in Ross Hospital as a result of injuries sustained when a truck in which he was riding overturned at the scene of the fire raging over the weekend near Lagunitas.

Sitchler is suffering from numerous cuts and bruises.

Marin Council P-TA Has Meeting, Picnic

Conducting a conference in parliamentary procedure for the benefit of new unit presidents, Mrs. Glenn Ensign spoke before the September meeting of Marin Council P-TA last Wednesday in San Rafael.

The group was presided over by Mrs. Frederick Farr, and during the discussion, Mrs. Walter Traub spoke on membership to prepare the new chairman for the annual membership drive in October.

Wednesday of this week the council met to enjoy a picnic at Shell Beach. Unit presidents were responsible for transportation for their own members. Members and their friends joined in a delightful evening spent on the newly-acquired county beach and park.

"Active Citizenship" is this year's plan of work for American Girl Scouts.

Marin City Chest Drive

Marin City is out to raise its quota of \$1,000 for the Marin War Chest, according to Mrs. W. C. Billingsley, publicity chairman, and no stone is being left unturned by Dan Allen and his co-workers to realize their goal.

Mrs. Earl James is in charge of the collections in the Marin City school. Workers assisting her are: Mrs. Frances Andrews, Mrs. Ilona Bellak and Mrs. Ruthleen Rubens.

At a City Council sponsored dance at the Community House last Sunday night the net proceeds were turned over to the War Chest. As the fund solicitors are making their rounds they are finding a ready response for the continued need of the different agencies that depend on this source of income.

Monies collected for the War Chest help support the Boy Scouts, Girl Scouts, Catholic Charities, the needy in all countries, etc. You are asked to help fill Marin City's quota. You will be proud to learn when "we" go over the top.

Medical Center

By Pauline Lindsay

Your medical reporter would like to make a few comments in passing on the problems of military personnel living here in Marin City. While the armed services offer medical care to their men and to some extent, their families, nevertheless, their main concern is with the man in uniform.

There is no C. O. that can get excited over the fact that Junior has the measles or ran a rusty nail in his foot. In talking with one of the officers at Hamilton Field he said that while they did everything they could for the men it was impossible for the Army to assume personalized care for their civilian families and I think we have to admit he is right. So far we have not contacted the Navy but we are certain the situation in Alameda will be the same.

If the family of a military man needs medical attention then it is up to the mother to get herself or the child to the Post where they can get care. And that entails a certain amount of red tape. We hardly need to tell many of you this because you have already found it out by personal experience. As a result, you have been coming in droves to the Medical Center in Marin City.

All of which puts the staff of the Medical Center in a tough spot. Nurses and doctors are notoriously poor business people and generally refuse to consider such a thing as finances and figures. Their concern is with the patient and his problems. Nevertheless, someone has to pay for their time and the equipment and general service so for that reason the California Physicians Service has staffed the Medical Center to take care of the tremendous demands of a community of 6000 people. And in order to give the best service possible that meant enrolling the community as a whole as members in order to have sufficient money to take care of treatments and surgery.

The success of the Center is (Continued on Page Four)

A recreation center for Sausalito will probably become a post-war reality, according to action taken at Tuesday's council meeting when it was unanimously voted that the southern Marin city should bid for purchase of the Marin City Dormitories.

The subject was introduced by Councilman Seibert Sefton, who reported that acquisition of the Federal Public Housing Authority project would make the following recreation facilities available to Sausalito residents: Large chapel, cafeteria, large gym with stage, small auditorium with stage, recreation room, library, office building, infirmary, isolation wards and a baseball diamond. Sefton added that if the building were purchased by Sausalito it would be acquired fully furnished and equipped.

It was also disclosed that Sausalito is second in line for priority on the property, with the government holding initial control. According to Sefton, there is evidence that the government will step aside in order that the city of Sausalito may take over the property.

In a discussion of expense, it was pointed out that the central recreation spot would consolidate all recreation for Sausalito and thus save costs of small projects spread throughout the town.

County financial aid was proposed for maintenance of the infirmary and an ambulance service at the center.

We Are Three

Singing "Happy Birthday to Me", forty Marin City citizens sat down to a dinner party at Travelers Inn, San Rafael, last Saturday, to celebrate the third anniversary of our town.

Carl Dial, photographer, "mugged" the party and the pictures may be purchased at the Sweet Shop. They indicate that it was a bouquet exchanging party, and everything was discussed but problems. Councilmen and wives, housing officials and wives and citizens joined in the fun.

Paper Drive

Sunday, October 14, put out your papers for the collectors.

The money derived from the paper drive will be turned over to the Phone Home Fund of Hamilton Field and should be of special interest to service men and their families now moving into Marin City.

Wedding Bells

Clinton McMichael, S1/c, U.S. Navy, New York City, and Mrs. Louise Johnson of Kansas City were recently married.

Ehlens Entertain At Dinner Party

A dinner party at the home of Mayor and Mrs. John B. Ehlens, Sausalito, last Saturday night honored the birthday of Matthew Murphy, consul general of Ireland, and an old friend of the Ehlens.

Guests present included Mr. and Mrs. Murphy, Frank Biggar, consul of Ireland; Judge Roger J. Traynor, a member of the State Supreme Court, and his wife, Madeleine.

Judge Traynor was a classmate of Mayor Ehlens at the University of California Law School.

Editorial

Newspaper Week

October 1 to 8 is National Newspaper Week. It is a week in which is stressed, the nation over, the benefits of a free press for a free people. It is a week during which newspapers become a bit boastful of their accomplishments and endeavor to prompt their readers that newspapers are indispensable.

I guess it is a fine thing to set aside a stipulated time now and then to review our endeavors and attempt to analyze just what we have accomplished in a certain period.

The recent war taught us many lessons. One of the greatest of these was that "every week" is newspaper week. Perhaps no single institution in America contributed more to the war effort, than did the newspapers of the nation. At the time of the sneak attack on Pearl Harbor and subsequent declarations of war by both Germany and Japan, America was ill-prepared to do battle. Not only was she ill-prepared, but she wanted peace above all things. It was the job of newspapers to sell the idea that we could and would arm ourselves and win in the struggle. The job of "selling victory" was a complicated one. The late President Franklin Roosevelt was an optimist. He believed the war could be won, but he also was a shrewd observer. He knew that it would involve an all-out campaign of selling to put the idea across, and to accomplish his purpose, he took the newspapers of the nation into his confidence. Whether it was recruitment for Army or Navy or the more menial tasks of saving waste paper, waste fat, waste metal or conserving on gas, the newspapers of America took up the torch and played an important part in leading the parade to victory.

War Bond Drives, War Chest Drives, Red Cross Drives, Foreign Relief Drives, Civilian Defense Organization—these and a hundred other war time emergencies had to be sold to the public. Perhaps no accurate record was made of the millions upon millions of inches of publicity given these efforts, but in the face of paper shortages which, in many cases kept the size of newspapers down to a minimum, emergency pleas always took first place in the newspaper columns.

A war always brings abuses. The newspapers of America have been always on the alert to see that such abuses were corrected, and have above all led the parade in the march of democracy.

Along with the thousands of other unmarked graves scattered through foreign lands, are those of hundreds of war correspondents who sacrificed their lives in an effort to uphold the tradition of a "free press." Ernie Pyle is perhaps an outstanding example of what the war correspondents' duties meant.

The war is over—reconversion and prosperity are the big jobs ahead. There will be abuses too, as we grope for the answers in our reconversion problems. The newspapers will, and have set the pace in correcting these abuses by giving a clear picture of current events, both national and international.

Yes, this is newspaper week, but we believe the patronage and esteem with which the newspapers have been held during the trying days behind is the greatest compliment to the fraternity possible.

So long as we do our job with the courage of our convictions, National Newspaper Week will merely be a check-up week to "take stock" of the job we have attempted to do.

MT. TAMALPAIS TELEVISION CENTER

Mt. Tamalpais, long a mecca for sightseers, is destined to become world famous for a second reason, it became evident last week as six potential broadcasters applied for rights to install television and frequency modulation equipment at the top of the mountain.

A group of engineers engaged in preliminary work on the new commercial activity are now temporarily quartered in a guest cottage at a popular Fairfax resort.

Applications have been made to the Marin Municipal Water District for lease of acreage along the upper ridge of Tamalpais. Joining in the pre-construction work, which calls for contour maps and other data, are KFRC, KYA, Paramount Pictures, Twentieth Century-Fox, The Examiner, and the Scripps Howard newspaper interests.

All desired the Middle Peak site, but the entire ridge between Middle and West Peaks will probably be given over to

SCHOOL HEALTH

A combined school and health department is rapidly progressing. Several school systems are interested in this program, which includes school personnel, public health nurses, doctors and a new position of dentist is expected to be used. The dental program has been of particular interest and includes a full-time dentist and a \$2,000 dental trailer loaned by the State Health Department. This total program represents about \$8,000 per year, a portion being paid by the State.

The combination of school and public health nurses is one of the recommendations of the National Organization of Public Health Nurses who just recently completed a survey in Marin County.

television and FM (frequency modulation) broadcasting stations, with equipment costing many hundreds of thousands of dollars. This will be a center for most of northern California.

CHRISTIAN SCIENCE

"Thou art my portion, O Lord: . . . Through thy precepts I get understanding: therefore I hate every false way," (Psalms 119: 57, 104) is the Golden Text of the Christian Science Lesson-Sermon on the subject "Unreality" for Sunday.

Citations in the sermon include Proverbs 22: 1, "A good name is rather to be chosen than great riches, and loving favour rather than silver and gold," and this passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "All nature teaches God's love to man, but man cannot love God supreme and set his whole affections on spiritual things, while loving the material or trusting in it more than in the spiritual" (p. 326).

Col. Charles Melin, Commanding Officer of the Fourth Air Force, Hamilton Field, is retiring from military life.

In This Corner

By JOHN DUFFY.

A hobby is an activity which brings a great deal of pleasure to a person. Sometimes a hobby helps a person bring enjoyment to others. At times, a hobby can prove of great practical value to an individual, in addition to bringing happiness and pleasure to him.

Franklin Roosevelt had two hobbies. One was stamp collecting; the other concerned boats. Mr. Roosevelt was only one of thousands of Americans who indulge in the happy pastime of collecting rare and interesting stamps. Stamp collecting is one of the most popular hobbies in America. It is of particular interest to young people, because through it they learn much about different nations, places, and peoples.

President Roosevelt's hobby concerning boats started when he read an exciting book about naval warfare while still a high school student. It was this hobby which enabled him to become one of the world's foremost authorities on boats and naval warfare.

An elderly lady, living in a mid-western city, has a hobby of sending a penny postcard to a different person or firm each day in appreciation of something which the person or firm had done. At first, her postcards went only to people in her own town. Now, the whole nation is her neighborhood and her brief words of appreciation have made the day pleasant for many people whom she has never seen.

A clergyman, living in Berkeley, has a hobby of getting the signatures of people written on their favorite hymns in his hymnal. Signatures under "Lead Kindly Light" include Eleanor Roosevelt and President Robert G. Sproul of the University of California. Former President Hoover's favorite hymn is Kipling's "Recessional". The Quaker hymn, "Dear Lord and Father of Mankind," was signed by such outstanding religious leaders as Howard Thurman, T. Z. Koo, Sherwood Eddy, E. Stanley Jones, and Muriel Lester. More than 1000 persons have signed their names in this hymnal. During the world's fair at San Francisco a few years ago, it was displayed at the religious exhibit.

For a number of years, a young lady in Sacramento has been enjoying the hobby of collecting after-dinner coffee cups. Most of them she has purchased herself. However, she has received a number of them as gifts from friends. This coming winter, she plans to entertain a number of friends at small, informal "koffee-katches" at which they will use some of the coffee cups and be allowed

to view and admire the more valuable ones. In this case, a hobby has not only brought great pleasure to this young lady, but also it will become the means of building friendships with other young people.

There are several good characteristics to hobbies. First, they can be started practically at any time in life—in youth, middle age, or old age. Second, they can be adjusted to each person's financial income; and third, some hobbies, in addition to bringing happiness and pleasure can be of a practical, useful nature. Another good feature about hobbies is that they help people spend their spare time in constructive activity.

Marin City Bowlers Taken

In the first game of the Southern Marin Handicappers at the San Anselmo Bowling Academy Wednesday night the Marin City Club bowed to the Sausalito News, losing one game out of three.

The Mirror took three straight against San Anselmo Fountain and the 2 A. M. Club, also of Mill Valley, took Herbs' Chevrolet for three. The Eagles, sparked by Witt Strahen, nosed out Borden's, 2 to 1.

The league bowls every Wednesday night at 8 o'clock and its a real family affair, with wives, families and a-hem! sitting in the gallery cheering and goading. Come on, Marin City! More bowlers are needed. Call San Anselmo 429 and enter your name, or contact the Citizen office.

Recreation Program

1 to 5 p.m. Monday; 10 to 12; 1 to 5 p.m., Tuesday through Friday — Crafts, games, story hour; football, soccer, baseball, basketball, horseshoes.

Movies (Community Bldg.) — Children — Saturday, 1 to 3 p.m.; Thursday, 6:30 to 8 p.m. Adults — Thursday, 8:30 to ?? p.m.

Teener Activities (Teeners' Bldg.) — Meetings, Wednesday, 7:30 p.m. to 9:30 p.m.

Teeners' Dance (Community Bldg.) Friday, 9 to 11:30 p.m.

CPS Notes

Little Cathy Bodeen, daughter of Frances Bodeen, the Medical Center's very popular nurse, is keeping her mommy home this week as she is ill.

Glen Bynum of House 57 is home again. He lost his appendix at Ross Hospital a week ago and has made a splendid recovery.

Franklin Clements of A53-423 fractured his wrist on Aug. 30. The cast was removed Tuesday of this week and he is feeling very chipper.

Better keep that CPS until after the very last moment! Glen Dinsmore, son of D. D. and Hazel Dinsmore, fell and cut his leg badly on a piece of glass as he was running between the apartment and the moving van the morning they left Marin City. Dr. Karsant fixed him up so they were able to go on to Watsonville.

Dr. John Colbert, director of the Medical Center, has returned from a two-weeks vacation. He reports a grand time of rest, study and recreation in Mexico.

People leaving Marin City to reside in other parts of California are eligible to join the regu-

Boy Scouts

District No. 1, Boy Scouts of America, held their first fall court of honor for recognition of awards at the Central School, San Rafael, at ceremonies presided over by Larry Biancalana, chairman for advancement.

Troop 9, sponsored by the Tiburoners Club, was present under the leadership of Scoutmaster Charles Pastori. Troop 32 was present under the direction of Scoutmaster Arthur W. Hart, and chairman for the troop, Vern Lindburg. Troop 8 also attended under the leadership of Assistant Scoutmaster M. C. Horrell and Volney Howard.

An award for 2nd class went to Scout Dale Dufault of Troop 32, while a 1st class pin was presented to George Newman of Troop 32. Merit badges were awarded to Scouts Bruce Henderson, Anthony Moretti, and Charles Price. Badges for recognition of 50 hours of civic service to the community were presented to Glenn Bishop and James Coker, of Troop 32. Air Scout Tenderfoot Candidates' insignia went to Scouts George Newman and Raymond Sieker.

After a "Quix-Wiz" conducted by Assistant Horrell, refreshments were served in the downstairs annex by the host troop.

There has never been any country at every moment so virtuous and so wise that it has not sometimes needed to be saved from itself. — Havelock Ellis.

lar California Physicians' Service which operates throughout the State. Under the general CPS plan you may select any doctor you choose who belongs to the service. And, since there are some 5500 doctors who do belong in the State of California, you have a wide field of selection. Those residents who have been members at the Medical Center should contact Mrs. Bellak at the Center to arrange for a transfer.

Looking For Work?

By PAULINE LINDSAY.

A great number of women are coming daily to the USO asking Mrs. Larson's help in getting work. This article covers some of the points brought out in a discussion with Mrs. Larson. The greater part of the women seeking employment are unskilled workers, so they naturally turn to housework. While in the past, housework had disadvantages in long hours, and often poor pay, the war has brought about a change in that field. The pay is better, hours shorter and time off allowed more reasonable. Furthermore, working in a home, if the employer is pleasant, understanding person, there is none of the strain and nervous tension that women found in welding. It is up to the woman seeking such employment to see that she deserves a good standard of hours and pay.

When you shop in a store you pick out the merchandise that looks best in quality and service. The same is true of a woman looking for household help. She has to judge your qualifications for service by your appearance. That means a woman must look alert, be "on her toes." And that, my friends, doesn't mean showing up for interview with a hair-do that resembles "After The Ball Is Over!" An "up-do" hair style can be simple, neat and becoming. But we have noticed that many of them look like a "whoop-a-do" of rats, feathers and flowers . . . and certainly no indication that you'd be a whiz at preparing Junior's formula.

Passionate purple lipstick and ditto fingernails don't mix with the idea of whipping up an omelet or the mashed potatoes. Dresses that would be suitable for that Saturday night date would not inspire confidence in your ability to dust the furni-

ture. Gaudy shoes don't indicate the stamina to keep on your feet for more than a short time.

This doesn't mean that we suggest sackcloth and ashes. Far from it! Begin from the skin out to make yourself attractive. And when we say skin out, that means a bath. A bath tones up your nervous system, and don't forget the song of the B.O. foghorn. If your best friends won't tell you, it's a cinch your prospective employer won't. There is no perfume strong enough to cover up unpleasant body odors.

Then choose a simple but becoming dress. As a suggestion, any dress that is offset with gleaming touches of white can never be wrong. Regardless of your complexion, white gives you a clean, crisp look that is always attractive. And finally, be sure your shoes are clean, and comfortable looking.

So much for how you look. The next thing is your attitude toward your work. Shipyard pay you will not get, to be sure, yet in many cases the pay will, when you figure it out, amount to the same. If you are going to "live in", your room and meals must be considered as part of your salary. Also, you do not have to pay union fees, buy special tools or clothing, which is quite an item. The actual cash you receive is all yours. So, it is up to you to think, "Can I do what is expected of me and do it well?" It means being happy where you work and enjoying the friendliness of a family. Some of the happiest women we have known have worked in homes where they have watched the children grow up, shared in family holidays and been secure in the knowledge that they were taken care of in times of illness or when old age meant less active duties.

The agriculturist knows there will always be a farm problem, but he never knows from one year to the next what it will be. — Boston Globe.

Sausalito

Captured on Guam, PM 2C Clifford Malone, son of Mr. and Mrs. C. Malone, wrote last week telling his parents that he was freed from a Jap prison camp. He is expected in Sausalito in the near future.

Mr. and Mrs. W. D. McDonald received interesting news from their son, Pvt. William D. McDonald, telling some of his war adventures. He is now with the occupation troops in Japan with the 249th Field Artillery.

A posthumous award of an Oak Leaf Cluster for bravery was presented to Mrs. Rita Egbert of Sausalito, whose husband, the late Lieut. Ted L. Egbert, was killed on a Pacific base. The presentation was made by Col. H. H. Galliett, commanding officer of the Presidio, San Francisco.

Harry Dray, whose adopted family is Mr. and Mrs. E. E. Fourtane, has been released from a Jap prison camp and is expected to be back in the near future.

A graduate of Tamalpais High School and a student at Marin Junior College, Dray was captured on Corregidor. This is the first news of his whereabouts for 18 months.

Last Monday the Sausalito Salvage Shop for Allied Relief voted to give \$1200 to the Marin War Chest. The committee, chairmaned by Mrs. Bernard Gratama, has decided to adopt a fifth war orphan, under the foster parent plan for care of the children of liberated countries who are homeless and without families. Officers of the committee are: Mrs. F. L. Ryan, treasurer; Mrs. Frank Dwire, vice chairman, and Mrs. M. E. McAninch, secretary.

We constructed approximately 6,000 merchant marine ships during the war.

The PARTY LINE

Staff Sgt. John Holler, with his wife and two-year-old daughter have just rented house 471. Sgt. Holler hails from Boise, Idaho, but has managed to see something of the world via the ETO. He was a gunner on a B-17 with the 15th Air Corps in Italy and Germany. Returned to the USA June 12 and was granted an 84-day furlough. He is now stationed at Hamilton Field and is very happy to be with his family once more.

Shipmates Jos. Veto and Jim Christensen are breaking up housekeeping at house 571. Jim Christensen is leaving for eventual discharge from the Navy. Originally from Tulsa, he's sent his wife back home and hopes to join her soon. Joe Veto, quartermaster, had two years service in the Pacific, including Iwo and Okinawa. "I was plenty lucky," he said, "but from now on I am going to enjoy snow and ice." He and his wife will continue to live in Marin City as long as he is stationed at Tiburon.

Plans are being made by the Junior Choir of the Marin City Community Church for a special choir party toward the end of this month. Choir members include David Conard, Dickie Conard, Beverly Faubel, Ardella Hahn, Marchita Masias, Bobbie Riley, Geraldine Sterling, Joyce Sterling, and Doris Ann Veness. The junior choir master is John David Christiansen. The choir is under the direction of Miss Janet Yourchuck and Miss Mona Christiansen, and meets every Tuesday afternoon at 5 o'clock at the home of Rev. and Mrs. Duffy, House 337.

I am curious about that power-driven tooth brush which will soon be on the market. Will you have to grasp the handles and walk behind it, or can you jump on it and ride?—Elmer C. Adams in Detroit News.

such that for the past three years people have come from outlying communities and asked to join but were told that the Medical Center existed solely to serve the residents of this community.

We informed you before that you were eligible to join the CPS without including your husband, who has "on-the-spot" care where he is stationed. Something which we know you families have not. So once again may we suggest that you come and talk to Mrs. Bellak at the Medical Center or Miss Johnston in house 401 regarding your need for CPS protection.

Among new members of the Medical Center this month are Curtis Smith and his family. Mr. Smith moved into house 803 a month ago but at that time, decided against joining CPS. One week later his small daughter, Dorothy, fell and broke her arm. It took five hours to get a doctor going from Sausalito to San Rafael and still more hours to arrange for X-Ray and repairs. As Mr. Smith remarked "I'd never want to go through that misery again." Misfortunes of this kind only prove once more how vital the Medical Center is, with its 24-hour service to all its resident members in Marin City.

Girl Scouts

Continued from Page One)

the Marin County Council is Miss Dorothy Erthle and Mrs. Margaret Buckley acts as part-time secretary.

The purpose of the Girl Scout program is the development of the individual girl along mental, moral, physical and social lines so that in the end may result a more enriched participating citizen in the democratic world.

The Girl Scouts will benefit from your contributions to the Marin War Chest. Give now, and give generously!

You can tell when we have returned to normalcy. The comic strips will resume their pre-war size. Greensboro (Ga.) Herald Journal.

Capt. R. Ames Memorial Service

In the Congregational Church, Rockaway Beach, N. Y., memorial services were held for Capt. G. Roland Ames, late son of Mrs. May C. Ames of San Francisco and formerly of Sausalito. His widow makes her home in Rockaway Beach.

Capt. Ames, a graduate of the U. S. Military Academy, was on duty at Corregidor in 1939. His wife and son accompanied him there, and his daughter, Karol, was born on Corregidor. The family returned to the United States in 1941, and early in 1942, Capt. Ames was captured by the Japanese.

The Japs interned Capt. Ames at Cabanatuan and later in Bilibid. Later he was sent to Japan but on the way American planes bombed the transport. Put on board another ship it, too, was sunk and the officer died from exhaustion and dysentery.

Teeners' Dance

The Teeners will have a special dance with a good orchestra the latter part of October or first of November.

Following committee chairmen have been appointed: Carol Husel, decorations; Dolores Mzask, refreshments; Peggy Faubel, publicity; and Harriet Mzask, posters.

Exact announcement of the date will be made in The Citizen. This dance will be in addition to the regular Friday night dances.

PLANE CRASH ON TAMALPAIS

The county fire crew, county officers and ambulances from Hamilton Field are standing by, awaiting word from a rescue crew that is on its way to West Point, on Mt. Tamalpais, where a plane crashed shortly after noon yesterday.

The sheriff's office advised The Citizen that two men had been seen to parachute from the plane, which caught fire in the air. Neither have been found as yet. The flaming plane started a new fire on Tamalpais and a fire crew was sent out to battle the flames.

The airship has not been identified as no planes are missing either from Hamilton Field or Santa Rosa, officers say. It is thought perhaps it might be a Navy plane.

As The Citizen goes to press the sheriff's office advised that two Navy planes crashed and that one flyer was rescued near Mill Valley and the other over on the Coast road.

The Marin County Humane Society last week opened a drive which will continue for two weeks. Anyone wishing information or to make contribution toward the Society's work should contact Mrs. Margaret Sims, Sausalito 103.

Final disposal of Sausalito's South School will be decided at the next city council meeting.

Chaillaux to Address Legionnaires

Sausalito Post Commander John Davidson has announced that the guest speaker for the October 24 meeting of the American Legion in Sausalito will be Homer Chaillaux, acting adjutant of the Department of California.

If you have never heard Homer speak you are in for an evening of real fun and inspiration. His many friends in this area always turn out strong whenever he is scheduled to address a nearby Post.

Religious Center

At a meeting of the Church Committee of the Religious Center of Marin City. The committee elected Mrs. W. C. Billingsley, chairman and representative to the Marin City Council as non-voting member. Mrs. Billingsley replaces Mrs. Walter Del Tredici as chairman.

During the business session of the meeting it was voted to give \$150 to the following organizations: Marin War Chest, \$50; Air Evacuees Patients Welfare Fund (telephone fund at Hamilton Field, \$50, and to the Red Cross Camp and Hospital, \$50 for Xmas presents for the Veterans who will be hospitalized in the county at Xmas time.

Unless about six or eight million young men suddenly change their habits, it looks as though the suspender industry might not have a great deal of reason for postwar expansion.—Christian Science Monitor.

Teeners' Building Re-opens

Hot Dogs Will Be Served at Friday Dance

The Teeners' Building, which has been closed for the past few weeks, will be reopened Wednesday evening, October 10th, at 7:30 p.m., was the announcement made by the Recreation Department today. All teeners interested in having the building kept open for teener activities this coming winter are urged to attend the reopening.

There will be games, cokes and music. In addition, those present will be able to discuss what evening or evenings they would like the building to be kept open this coming year. Suggestions regarding the type of things the Teeners would like to do will also be discussed.

Remember! The date is October 10th. All Marin City Teeners are welcome.

Hot dogs on sale for early

comers at Friday night's dance. Tonight those Teeners who arrive at a reasonably early hour will find hot dogs on sale in the Auditorium. So come early and make the most of the fact that rationing is becoming a thing of the past.

COMMUNITY CHURCH

"Pressing Toward the Mark of the High Calling of God" is the topic of the sermon to be delivered by Rev. John Duffy at Marin City Community Church at the 11 o'clock worship service Sunday morning. Special music will be provided by the Junior Choir.

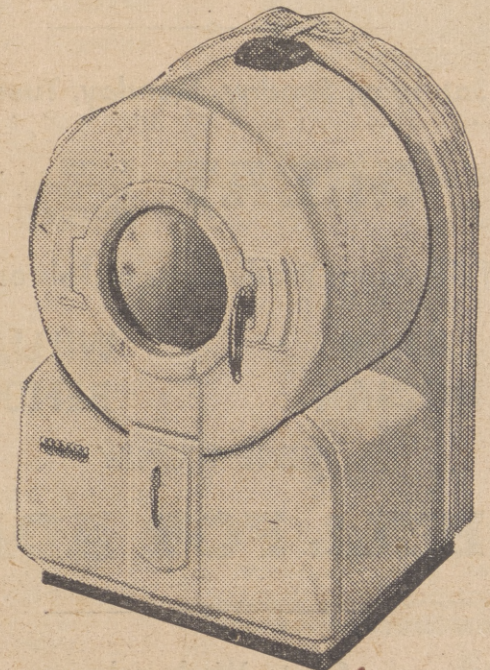

An adult Bible study class will be started. Additional Sunday School classes are held for young people of all age groups beginning at 9:45 a.m.

The Merchant Marine built for this war cost 17 billion dollars.

The BENDIX^{automatic}

Home Laundry

• Good news for all you homemakers who've asked us to notify you when we got our first, new BENDIX automatic Home Laundry. *IT'S HERE, NOW!* You don't have to wait any longer! You can see it *today!* Bring a friend if you like. We want to show you how this astonishing BENDIX washes, rinses, damp-dries, cleans and empties itself and shuts off—all *automatically*—without your even wetting a hand! Come today! You'll enjoy it—and we're proud of the privilege.

What you do: put in clothes, set a dial, add soap.

What the BENDIX does: fills itself, tumbles clothes clean, thoroughly tumble rinses, dries clothes ready for the line or dryer, cleans and empties itself, and shuts off—all automatically! The Bendix takes only 4 square feet of floor space—fits perfectly in kitchen, bathroom, utility room or laundry.

Star Dust

STAGE-SCREEN-RADIO

Released by Western Newspaper Union.

By VIRGINIA VALE

WHEN Ann Sothorn's eight-months-old daughter, Patricia, is old enough to aspire to fill her mother's shoes, she'll have a complete set of "Maisie" films and airshow recordings to study. Mama (who is Mrs. Robert Sterling in private life) has had each of her "Maisie" movies reduced to 16 mm. sound film for her daughter's library. And since she started the Wednesday night CBS radio series she's had special recordings made of each broadcast. Incidentally, the latest popularity rating of the "Maisie" broadcasts shows a marked increase over the previous survey—in fact, a gain of nearly 3,000,000 listeners in a single month!

Lieut. Wayne Morris has returned to his screen career at Warner Bros. with a brand new contract. He enlisted in the Navy immediately after Pearl Harbor, and earned his commission while in the service. A fighter pilot with seven enemy planes to his credit, he's won plenty of decorations, among them the Distinguished Flying Cross with two stars and the Air Medal.

When you see Jose Iturbi dashing around on that motorcycle in "Anchors Aweigh" he's just being natural. He drives that same vehicle just that way around the studio all the time—and nobody'll ride with him, not for love, money, or even a new contract.

Una O'Connor, one of Hollywood's most versatile character actresses, makes a good bit of extra money each year by doing the crying for screen babies who refuse to wail when the director wants them to. She calls this extra-curricular profit "tear money" and invests it in war

bonds. The voice of the weeping infant in "Christmas in Connecticut" is hers; she also has an on-stage role in the picture.

Those wise men of the motion picture industry, the exhibitors, voted this way in the Motion Picture Herald's annual poll to determine the stars of tomorrow: (1) Dane Clark; (2) Jeanne Crain; (3) Kennan Wynne; (4) Peggy Ann Garner; (5) Cornel Wilde; (6) Tom Drake; (7) Lon McCallister; (8) Diana Lynn; (9) Marilyn Maxwell; (10) William Eythe. That's a prophecy worth remembering.

Eleanor Parker of "Pride of the Marines," who'll have the feminine lead in "Humoresque," is regarded as the shyest star in Hollywood. Doesn't go to night clubs, doesn't show off at public functions, never attends a premiere of her own pictures unless completely disguised.

Tuesday night on NBC is dedicated to laughter. There's Amos 'n Andy at 9 p.m., E.P.T.; "A Date With Judy" precedes them,

and a climax is reached with Fibber McGee and Molly following.

If you've ever wondered what the studio audience was laughing at, when listening to a broadcast, and felt annoyed because you couldn't share the fun, you'll agree with Kate Smith's manager, Ted Collins, who feels that too many radio stars play up to the studio audience, to the detriment of their radio performances. That's why Kate has eliminated studio audiences on her new Friday night series.

Danny O'Neil has been signed for his first network commercial series as star of the new Powder Box theater, beginning October 11, Thursday nights on CBS. The series replaces "Rhythm, Romance and Ripley." Evelyn Knight and Jim Ameche are also featured.

ODDS AND ENDS—Extras who kissed Shirley Temple in the kissing-booth sequence of Columbia's "Kiss and Tell"

were paid \$16.50 a day—those who merely stood in line got \$10.50 . . . RKO is so enthusiastic about Frankie Carle's first picture, "Riverboat Rhythm," that he'll be starred in a band-leader story . . . According to the latest Hooper survey, "Mr. District Attorney" ranks second in popularity among all radio programs . . . For the next two months Ethel Barrymore will play her co-starring role in "Some Must Watch" in bed—the script, not her health, is responsible.

Shirley Temple's marriage is still the talk of the town. The manner in which it was staged is typical of her entire career. Simplicity and a complete lack of a "must" guest list. Just friends and technicians who have known Shirley all her life. A fine gesture that won't be forgotten for many a day . . . George Fisher has hit the air waves again and will be coming your way five times a week; watch your papers for the time

Governor Warren Announces New Laws Going Into Effect

Laws enacted by the 1945 legislature went into effect last week, in accordance with a requirement of the state constitution that 90 days must elapse after the session adjourns.

Governor Earl Warren pointed out that most of the new statutes are of a "technical" nature but that about 30 accomplished basic changes in California's governmental improvement recommended by Warren was enacted into law, the Governor's office said. They included:

TAX REDUCTIONS made in 1943 were continued for another two years. The saving to California taxpayers from July 1, 1943, to June 30, 1947 will total \$225,550,000 the department of finance estimated.

The 1945 legislature added \$90,000,000 to the state's POST-WAR RESERVE funds to provide a \$350,000,000 public works program as a cushion against prolonged unemployment.

State contributions of \$31,000,000 were pledged towards construction by the Federal government of FLOOD CONTROL dams costing over \$400,000,000.

An appropriation of \$12,000,000 was made to match a proposed expenditure of \$15,000,000 by the Federal government in building FEEDER ROADS in the counties of California.

A fund of \$15,000,000 was set aside for acquiring BEACHES AND PARKS in a "comprehensive policy of making park facilities available to all people."

An URBAN RE-DEVELOPMENT law was enacted to enable cities to rid themselves of blighted areas or "slums."

The interest rate on loans to veterans for homes and farms was reduced to 4 per cent, and refund was authorized of nearly \$6,000,000 collected from veterans since 1923 on similar loans as a "loading charge."

Legislation was enacted to equalize state support of elementary school districts, in accordance with the recommendations of the "Strayer committee." Consolidation of school districts was made possible but with protection for districts unwilling to be absorbed.

The rate of Old Age Pensions was made permanent at \$50 a month, and the pension to blind persons was increased to \$60.

Hospitals were placed under state inspection and licensing with fees to cover the cost.

Nearly \$1,000,000 was dedicated to the treatment and training of children afflicted with spastic paralysis.

The University of California at Berkeley and Los Angeles was authorized to establish schools of industrial relations.

The Department of Industrial

Relations was reorganized to give faster service to working people.

Unemployment insurance protection was extended to persons working for firms employing as few as one worker. The waiting period for unemployment insurance benefits was reduced from two weeks to one week.

The State War Council was liquidated. The State Disaster Council was created to set up mutual aid plans between the counties for fire and police protection.

These and other enactments which have now gone into effect contain the majority of the recommendations for governmental improvement submitted to the 1945 legislature in his biennial message, the governor said.

Extension Classes At Marin JC

Highlighting the new program of extension courses being offered at Marin Junior College as of Monday, October 1, is a class in food preparation under the guidance of Miss Virginia Shattuck, home economics expert with the P. G. & E. Actual preparation of the evening meal for members of the class is a feature that is expected to attract employed women who will receive instruction covering quick oven and broiler meals, one-dish meals and quick dinner tricks.

A complete schedule of full semester classes for adults has been mailed out from the office of Dr. Wallace W. Hall this week.

Fundamentals of electronics and their practical application and a refresher course in mathematics are two courses that are being restored to the schedule as a result of popular demand, and now on the list is a bird's-eye view of Mexico, a series of lectures on the civilization, culture and economy of the republic, some of them illustrated with motion pictures.

Stenography for beginners is offered for those who have no previous training or who wish to review the principles of shorthand. Training of the speaking voice and mastery of microphone technique will be taught by Miss Pearl Smith of the faculty of Tamalpais High School. Physical education for men and women is again being offered in the form of a badminton class conducted by Coach "Dutch" Clymer.

Although the California education code provides that fees may be charged to adults for such classes, the junior college board has decided that no tuition fee is to be charged for any extension courses. Procedure in registering for any of these classes has been simplified and can be completed in a few minutes in the college office prior to the first meeting

New Owners Liberty Cafeteria

Liberty Cafeteria is now under the management of Mr. and Mrs. Roy Brown. The cafeteria will open at 10:30 a.m.

of any class.

The complete schedule of offerings follows: Art, Tuesday, 7:30 to 10:30; ceramics, Thursday, 7:30 to 10:30, and also Monday and Wednesday mornings; food preparation, Wednesday, 6:15 to 8:15. Organization of food classes will start on October 3, at 7:30.

Gardening, Tuesday, 7:30 to 9:30; machine calculation, Monday, Wednesday, Friday, 7:30 to 9:30; mathematics refresher course, Monday and Wednesday, 7:30 to 9:30; Mexico, a bird's-eye view, 7:30 to 9:30; music appreciation, Friday, 8 to 10; physical education, Monday and Wednesday, 7:30 to 9:30.

Nutrition (Red Cross), Monday and Wednesday, 7:30 to 9:30; orchestra, Tuesday, 8 to 10; sewing, Tuesday and Thursday, 7:30 to 9:30; Spanish, Monday and Wednesday, 7:30 to 9:30; speaking voice and microphone technique, Tuesday, 7:30 to 9:30; stenography for beginners, Tuesday and Thursday, 7:30 to 9:30; typing, Wednesday and Friday, 7:30 to 9:30; weaving, Monday and Wednesday, 7:30 to 10:30.
